CHRISTOPHER FLORES
ADMINISTRATIVE DEAN

STEAM Academy recognizes that access to technology in school gives students greater opportunities to learn, engage, communicate, and develop skills that will prepare them for work, life, and citizenship. We are committed to helping students develop 21st Century technology and communication skills. To that end, the STEAM 1:1 Chromebook Initiative will provide students with a school-purchased device to use throughout the year at school and at home.

School-Provided Device Expectations/Guidelines

Since STEAM is providing devices, students are encouraged to keep their own personal devices at home. Cell Phone and Personal Device use will not be permitted during instructional time and will only be allowed during class transitions and during lunch.

What STEAM expects of students:

- Follow all guidelines of device use as explained in the STEAM Acceptable Use Policy and School-Purchased Device Classroom Expectations
- Along with parent/guardian, sign the STEAM Academy Acceptable Use Policy.
- Adhere to the Student Code of Conduct and the STEAM Academy Acceptable Use Policy in regards to device use and Internet Acceptable Use any time the device is in use, at school or at home. Understand if this is not followed, students will be referred to the administrative team for further action.
- Appropriate physical handling of the device
- Bring the device to school each day
- Keep device charged and ready for use during the school day (Students are expected to charge device at home and leave charger at home to avoid loss of the charger. Fully charged school-purchased device will have power to last the school day.)
- Keep school-purchased devices in silent mode and cameras off, unless otherwise allowed for instructional activity.
- Responsibility for any damage to the device and loss of provided power adapter
- Immediate notification of device issues
- Use devices outside of school for educational purposes only
- Do not remove any labels/tags from device
- Save all files to FCPS Student Google Drive account

What STEAM expects of parents/guardians:

- Monitoring of home use of the school device
- Monitoring of device condition
- Understanding that parents/guardians and student are responsible for loss, theft, or damage to school-purchased devices. Payment for repair or replacement will be expected.
